Updated information for competitors regarding measures against the disease COVID19

Before Czech Republic arrival, it is obligatory to fill in the online Arrival Form at
<https://plf.uzis.cz/>

Competitors **from within the EU** (+ Andorra, Iceland, Liechtenstein, Monaco, Norway, San Marino, Switzerland and the Vatican) must prove a certificate of completed vaccination (3 shots) or disease.

There is no need to provide any document for the purpose of Czech Republic entry.

A negative PCR test result, valid for 72 hours or ATG test, valid for 48 hours, can be used for people with incomplete vaccinations.

(Please note that another test is required between 5. -7. day after entering the territory of the Czech Republic, in case someone would like to extend the stay).

Entry into the territory of the Czech Republic for third-country nationals - **outside the EU**:

Third country nationals (outside EU) entry (who are not on the List of countries with a low risk of COVID-19) is prohibited in the Czech Republic. However, this ban does not apply to fully vaccinated people with one of the EU-recognized vaccines in the countries concerned (Vaxzevria vaccine (formerly AstraZeneca), Spikevax vaccine (formerly Moderna), Comirnaty vaccine (manufactured by Pfizer / BioNTech), Janssen vaccine (manufactured by Janssen Pharmaceutical).

It must be proved that the stay of these foreigners in the territory of the Czech Republic is necessary, which must be documented by an appropriate document for the purpose of entry. For sport, the document is the opinion of the National Sports Agency (NSA). To obtain this document, we strongly recommend communicating with the competition organizer **as soon as possible and we will proceed individually**. We need at least 3 weeks to get the document.

Approved by: Jan Bečka, Marek Nový, 20.01.2022
